[Bridge]

Dm7

All of the strangers

And all of the foes

C

Come and stand by the water

Where so many froze

F

And I can't feel my body, I feel all their eyes

Bb

But I won't turn to look

Keep my nose to the sky

Dm7

And it's awfully silent

C

The quiet will ring in my ears underneath

As I'm starting to sink

F

And as I see the bottom it's all I can do

Bb

To keep waiting and waiting, waiting for you

Dm7

I keep waiting, waiting, waiting for you

C

I keep waiting, waiting, waiting for you

F

I keep waiting, waiting, waiting for you

Bb

I keep waiting, waiting, waiting for you

Dm7

I keep waiting, waiting, waiting for you

C

I keep waiting, waiting, waiting for you

F

I keep waiting, waiting, waiting for you

Bb

But you're weighing me, weighing me, weighing me further
