BEAUTIFUL LIFE LYRICS Doc Walker

[Verse 1]

D Dmaj7 G/D D
This old house it's covered in dust
D Dmaj7 G/D D
This old house has seen better days
D Dmaj7 G/D D
This old car has turned from red into rust
D Dmaj7 G/D D
This old car, dreams of the old highway

[Verse 2]

This old river, it still twists and turns
This old river, used run untamed
This old town, while it heart still burns
This old town, it still runs through my veins

[Chorus]

G A D
It's been a beautiful life
G A D
Oh I've been along for one hell of a ride
G A Bm E7
Even though I may be falling apart
G A D
It's been a beautiful life

[Verse 3]

These old shoes
They've walked for miles and miles
These old shoes
They've walked through life unafraid
This old guitar
I got it when I was a child
This old guitar
While it still has something to say

[Verse 4]

Oh these eyes
They've seen laughter and tears
Oh these eyes
They still see something new
This old heart
It's still got a few more years
This old heart
Will always love you

[Chorus]

Itâ€™s been a beautiful life
Oh Iâ€™ve been a long for one hell of a ride
Even though I may be fallen apart
Itâ€™s been a beautiful life

Itâ€™s been a beautiful life
Oh Iâ€™ve been a long for one hell of a ride
Even though I may be fallen apart
Itâ€™s been a beautiful life

Such a beautiful life
