

**Hasnt Always Been This Way**  
**Doc Walker**

Into **G D Em C** (twice)

**G D**

She s the prettiest girl I ve ever seen

**Em C**

The walking definition of a beauty queen

**G D**

Every man in town wants to take her away

**Em C**

But she hasn t always been this way

You should have seen that girl ten years ago

With a cool-aid moustache and freckle nose

Now she s breaking hearts and taking names

But she hasn t always been this way

**D**

She didn t mean anything to me

I brushed her off so easily

Chorus

**G Em C D**

She hasn t always been this way

**G Em C D**

I really can t believe how much that girl has changed

**Em G**

She s out of my life, she s out of my reach

**C Em**

I m out of her mind, she s out of my league

**C D G**

But she hasn t always been this way

Well her brother Bobby was my best friend

So she followed us around wherever we went

Now she won t give me the time of day

But she hasn't always been this way

When I was sixteen she gave me a card

Said I love you with all my heart

Chorus ( twice)
