

I Am Ready
Doc Walker

A **F#m**
I m not afraid of standing in the middle of this open space
A **F#m**
This sunny day will step aside and make way for the coming rain
D **E**
Whatever is waiting I am ready

Chorus:

A **E**
So wash the mountains away
F#m
But this is where I ll stay
D
I ll be holdin strong and steady
A **E**
Cause I spent way too long
F#m
Running from the storm
D A
Well not anymore, I am ready

I couldn t wait to stand and show the world that I had what it takes
Tried not to break but I learned that fallin down don t mean you lose your way
Whatever is waiting I am ready

Chorus
