

Whoever Made Those Rules
Doc Walker

Intro: G Em D C
G Em Bm C (x2) D

G Em Bm C D G
Good things come to those who wait, and only fools rush in
G Em Bm C D C
I've let those words guide my fate, time and time again
C D G Am
But nothing's etched in stone
G/B C D
And I guess I should've known, that

Chorus:

G Em
Whoever made those rules
Bm C D
Never looked into your eyes on a moonlit night
G Em Bm
Who would've thought that I could've found a love this strong
C D
It can't be wrong
B Em D C G/B
Less is more made sense before, but now I can't get enough
Am7 D G Em Bm C D
Baby you made a fool of whoever made those rules

G Em Bm C D G
Some say love will lose its shine, once the new wears off
G Em Bm C D C
The heat of passion fades with time, but they couldn't be more wrong
C D G Am
I knew with just one look
G/B C D
That we would rewrite the book

Baby you made a fool of whoever made those rules
