

**Burned Out**  
**Dodie Clark**

**Fm**

He was certain  
So was I

**C#**

There was comfort  
In her sighs

**Bbm**

Dreams and ideas should not be the same thing

**G#** **C**

You waited, smiling for this?

**Fm**

Oh, she'd want it  
If she knew

**C#**

She could take it  
I thought too

**Bbm**

Be careful, be cautious but you just wished harder

**G#** **C**

You waited, smiling for this?

**F**

But they love you!

**Bb**

Over and over, they love you!

**Dm**

Thousands and thousands of eyes just like mine

**F** **Bb**

Aching to find who they are

**F**

Oh, they love you!

**Bb**

Oh, you can feel how they love you!

**Dm**

Coated and warm but that's all they can do

**F**

**Bb**

Words only get through if they're sharp

**Fm**

Oh, how fitting  
For one so fake

**C#**

Make me a fairy  
Whatever it takes

**Bbm**

And just like a tale my dream was a scam

**G#** **C**  
You waited, smiling for this?

**Fm**  
I am burnt out  
I smell of smoke

**C#**  
It seeps through her cracks and so I start to choke

**Bbm**  
Sentences sit in her mouth that are templated

**G#** **C**  
You waited, smiling for this?

**F**  
But they love you!

**Bb**  
Over and over, they love you!

**Dm**  
Thousands and thousands of eyes just like mine

**F** **Bb**  
Aching to find who they are

**F**  
Oh, they love you!

**Bb**  
Oh, you can feel how they love you!

**Dm**  
Coated and warm but that s all they can do

**F** **Bb**  
Words only get through if they re sharp

**G#** **Eb**  
Oh, maybe I ll talk about it (maybe I ll talk about it)

**G#** **Eb**  
I can just talk about it (I can just talk about it)

**G#** **Eb**  
I ll never talk about it (I ll never talk about it)

**G#** **Eb** **Bb**  
No, I cannot talk about it

**Fm**  
Don t build hope on something broken

**Fm** **Bb**  
I am not cartoon

**Fm**  
Cry for help  
I am not joking

**Fm** **Bb**  
I might just leave soon

**Fm**  
Don t build hope on something broken

**Fm** **Bb**  
I am not cartoon

**Fm**

Cry for help

I am not joking

**Fm**

**Bb**

I might just leave soon
