

**If Im Being Honest**  
**dodie**

Notes:

I like to play the  
intro like this to make it  
sound more like the song:

**E**

e	--(0)-----   --(0)-----
B	---0-----   ---0-----
G	---1-----   ---1-----
D	---2-----2-----   ---2-----2-----
A	---2--2-----2-----   ---2--2-----2-----
E	---0-----   ---0-----

<b>Emaj7</b>	<b>A</b>
--------------	----------

e	--(0)-----   ---0--2--0-----
B	---0-----   ---2-----
G	---1-----   ---2-----
D	---1-----1-----   ---2-----
A	---2--2-----2-----   ---0-----
E	---0-----   -----

I use my thumb to strum the E and Emaj7, and then I use my thumb and first finger to pluck the A and D string. On the A, I use my first finger to pluck the e string.

You could also apply this pattern to different parts of the song, like the chorus.

All chords are relative to the capo.  
Chords in parentheses are optional.
