VERSE:

```
Am           D           Am
My life is like unto a bargain store
           D           Am
And I may have just what you re looking for
           D           Am
If you don t mind the fact that all the merchandise is used
           D           Am
But with a little mending it could be as good as new
```

VERSE:

```
Am           D           Am
Why you take for instance this old broken heart
           D           Am
If you will just replace the missing parts
           D           Am
You would be surprised to find how good it really is
           D           Am
Take it and you never will be sorry that you did
```

CHORUS:

```
Am           D           Am
The bargain store is open come inside
           D           Am
You can easily afford the price
           D           Am
Love is all you need to purchase all the merchandise
```
