dominic balli

D A
I know I need you now and I hate it
G Bm
I m scared that If I lose you I won t make it
D A
But ain t nobody do me like you do
G G
The way you break my heart in two
Bm G D
So tell me hope... why am I still holding onto you?

D A
You have really been the only way to
G
Live through the civil wars, and
G
Nine elevens and holocausts then

Dream of a better dawn
D A
I remember when you taught me how to fly
G
I used to treasure you like gold
G
When ignorance was bliss back then
D
But so much has changed with time
A
I ve watched some people die since then
G
Now I ve lost most fights that I ve fought and
G
I feel more broken than whole and
D
I ve cried more than often than not
A
And I know that it s you in it all
G
So it makes me scared to trust you
G
When you re so often full of it
A
Pretend that I don t let it bother me
G
But I do, and it does

D A

A Me and you had a long time, a nice run
G But everything good always has an end come

G And maybe it s time you and I move on
