This road here laughs at me like I m a clown

Go out on the streets that surround you

One day we ll all be taught  
**F**                      **G**                      **C**                      **G**                      **Am**                      **G**

But you can never put a price on the days that we re perfect

[Chorus]

But you got to go around the world that s around you  
Go out on the streets that surround you  
One day we ll all be taught  
Love is all we got, got, got baby

Ya know we got, got, got, baby  
Love is all we got

Go Out and find some, find some love  
Go Out and find some, find some love  
Go Out and find some, Go out and find some love  
Bb F G

[Verse 3]

Well I don t know if you love or hate it  
But it s better than a book in a room that is faded  
So cover up these scars on my feet  
With only the beautiful pictures of all the people we meet

[Chorus]

But you got to go around the world that s around you  
Go out on the streets that surround you  
One day we ll all be taught  
I said, love is all we got, got, got, baby  
Love is all we got
