You said, you said they d last forever
But now they re covered up by the roads that
Join us together, join us together
I wonder how this all begun
I think to myself
When will this all be done
When will this all be done

But then you say
Don t worry about tomorrow
I just want you to stay
So we can make it through

Just you and me baby
You know we re gonna make it through
I said we re gonna make it through
Another beautiful day
Another beautiful day yeah
Another beautiful day
Just you and me
