Intro : **E EM7**

Remember those times on the telephone line

Trying to break through to you

I m on the other side of this world

I wish I was there with you

All these days and all these nights

Thinking about you my friend

I can t wait to get back home

And do it all over again

C#m7 A
Even though I can hear your voice

Don t you know that touch is my choice

Even though I can hear your voice
E E7M F#m F#m7

You re still so far away

E E7M F#m F#m7

Remember those times driving down the coast

Stopping at all the spots we love the most

Watching the wind blowing through your hair

Living our life like we just don t care

All these days and all these nights

Thinking about you my friend

I can t wait to get back home

And do it all over again

C#m7 A
Even though I can hear your voice

Don t you know that touch is my choice

Even though I can hear your voice

E E7M F#m F#m7

You re still so far away

You know that you re still so far away

I m on the telephone but you re still

So far away

I m over here but you re still

So far away

I let you know that
