Only Me And You

```
C#m                                   A
```
I just had a dream that you were far away
```
C#m                                   A
```
And that someone else was in your arms today
```
G#        C#m
```
Though I know its just a dream
```
F#        B
```
Still my fear is so extreme
```
A                     G#
```
Coz I know that dreams could sometimes be so true
And Ill be blue

Then I told myself
That I will stay the same
Even if you hurt me, I will take the blame
You are all Im livin for
I would love you even more
I would keep the pain inside my door

~CHORUS~
C#-Bbm-Ebm-G#-Fm-Bbm-F#-G#

Its enough for me that I have come to love you, I see
Because the heart I have could only want you
I just want you to remember
Even if it takes forever

I would wait until the world is through
When all thats left is
Only me and you

Yes I told myself Id always stay the same
Even if you hurt me
I would take the pain
You are all Im livin for
I would love you even more
I would keep the pain inside my door

~CHORUS~

Ill wait for you
You know its true
Until I can now be with you
When all thats left
Is only me and you
