

**Conscious Evolution**

**Donna the Buffalo**

[Chorus]

**E**  
Conscious evolution in front of your eyes  
**E**  
Conscious evolution in the back of your mind  
**E**  
Conscious evolution go on spread the word  
**E7**  
We re all busy learning on a learning curve

**E**  
Wounded in the battle lying out in the weeds  
**E**  
Immersed in contemplation of history s evil deeds  
**E**  
He offered up to free will, free will flatly replied  
**E7**  
Conscious evolution s all there is on your side

**E**  
Conscious evolution in front of your eyes  
**E**  
Conscious evolution in the back of your mind  
**E**  
Conscious evolution go on spread the word  
**E7**  
We re all busy learning on a learning curve

**E**  
Conscious evolution cause turns me on  
**E**  
There s got to be a difference between right & wrong  
**E**  
Conscious evolution go on spread the word  
**E7**  
With a vision bold as love won t you help me sing

**E**  
Conscious evolution in front of your eyes  
**E**  
Conscious evolution in the back of your mind  
**E**  
Conscious evolution go on spread the word  
**E7**  
We re all busy learning on a learning curve

**E**

Man is just an animal the scientists say

**E**

For the sins of the father the son must pay

**E**

Jesus said to Buddha give Mohammed a call

**E7**

Conscious evolution is the writing on the wall

**E**

Conscious evolution in front of your eyes

**E**

Conscious evolution in the back of your mind

**E**

Conscious evolution go on spread the word

**E7**

We re all busy learning on a learning curve
