**Donots**

Whatever Happened To The 80 s

(by AndivfB)

whole Song: **C - G - Am - F**

thats all

Lyrics:

This one goes out to all the people into pop

To the Frankies going to Hollywood

Please wake me up before you go-go

Cause there s something I wanna know

Did Mark King reach Level 43?

Did Boy George date Terence Trent D Arby?

I heard the guys in Bros. are sisters

Like the girls in Mr. Mister

Whatever happened to the 80 s?

Thank god, Rick Astley gave us up

When will the Scorpions break up?

Next time you think about going retro

This is what you ought to know

A Sam Fox comeback and a Crowded House

These are the things I can do without

Mr. Hutchence is no longer INXS

Cause revivals have no class

I wanna know, I wanna, I wanna know, I wanna,...

Whatever happened to the 80 s?

I wanna know

Where did they go-go
