Since this is my first tab, i picked a song quite easy to play since its a repeating once you figured out how to play it right (listen to the song for speed, etc.) try playing while listening to the song. There are three modes to play it sounding good. 1.: Plug guitar out of your amp and play it. 2.: Turn your amp on and switch to the cleanest you have. and 3.: Play it on an acoustic guitar. This song is about 100% right. and i guess there will be more to follow ;)
