Sometimes I don t know what I said till I did,
 I want to be the father of your kid.
 Dragonfly he sleeps till dawn,
 I knew I d be here when love has gone.

Crystal ball is what I wish for you,
 Get it straight, I love the both of you.
 Someone s goin through a cold turkey.
 Girl ain t nothing but a willow tree.

I give your baby a contact high
 I love another is what I sigh *haa*
 Looks like rain, I do declare,
 Your baby wants to take my chocolate eclair.
 I couldn t cry, I could not laugh

Incident about a silken scarf.
 I know what a jealous trip can be.
 Girl ain t nothing but a willow tree.

Girl ain t nothing but a willow tree
 Swaying in a summer breeze,
 You ll never change what has to be,
 Girl ain t nothing but a willow tree.

Weep for me, willow tree,
 Weep for me, willow tree.
