London Town
(Donovan)

I would suggest a capo on the 1st fret.. sounding key A#
The playing is spiced with hammer-ons on the sus4-chords (C Csus4 C), you can repeat this figure throughout the song. Iâ€™ve tabbed out the main chords.. the C/d-chord is an approximation but it fits fairly well in the arrangementâ€™| Donovan doesnâ€™t pluck his 1st string except on the Gs at â€™Green Rocky Roadâ€™.

Csus4 x33010
