Hi, here s my third attempt on a Dot Hacker tab. I know, there already exists a tab for this song, but I think in this case it s more convenient to have the chords. I also want to use this opportunity to thank the people who take a look or maybe even use and rate my tabs and comment on them. You re my motivation as well as the lack of tabs for great music! Enjoy!

P.S.: I ve found these lyrics on the net; so feel free to post corrections on the lyrics as well.

Puncture

|          |                             |                          |
|----------|-----------------------------|--------------------------|
| <b>F</b> |                             | <b>Eb</b>                |
| <b>F</b> | It s useless to             | <b>Eb</b><br>say         |
| <b>F</b> | That you only scratched the | <b>Eb</b><br>surface.    |
| <b>F</b> | Your surficial              | <b>Eb</b><br>face        |
| <b>F</b> | Bears the mark of           | <b>Eb</b><br>everything. |

**G**      **D**      **Bm**      **F#**  
Every undertaking overthrown

**Gmaj7**                      **Bb**                      **F**  
You ll waste away for the next time

|          |                                       |           |
|----------|---------------------------------------|-----------|
| <b>F</b> |                                       | <b>Eb</b> |
| <b>F</b> | And you should have seen your face    |           |
| <b>F</b> |                                       | <b>Eb</b> |
|          | As they banished you to the outskirts |           |

**F** **Eb**  
 Like an asteroid that fell

**F** **Eb** **G**  
 Or a dream that you couldn't tell anyone

**D** **Bm** **F#**  
 Everything that you just couldn't sell

**Gmaj7** **Bb** **F**  
 You'll waste away till it falls on you...

**F** **Gm**  
 A puncture in the sky,

**Eb/Bb** **Abmaj7** **Gm** **Cm** **Bb** **F/A**  
 I'm peering down on all your little toy lives

**F** **Eb**  
 How important they all look now...

**F** **Gm**  
 That you decide, you

**Eb/Bb** **Abmaj7** **Gm** **Cm** **Bb** **F/A**  
 Of the what the future brings and what I can bring to it

**Bb**                                    **Eb**                                    **F7**

**Bb**                                    **Eb**  
And all we are we are,

**F7**  
We are trying

However hard,

**Eb**  
You look at someone else s star

**F7**                                    **Bb**  
It won t get you very far.

**Eb**  
You know I am unsure

But are we all?
