**Am**

1. Oh, the waves crash in and the tide pulls out

**G**

It s an angry sea but there is no doubt

**F**

That the lighthouse will keep shining out

**G**

To warn the lonely sailor

**Am**

The lightning strikes and the wind cuts cold

**G**

Through the sailor s bones to the sailor s soul

**F**

Till there s nothing left that he can hold

**G**

Except the rolling ocean

[Chorus]

**Am F**

**Em**

But I am ready for the storm

**G**

Yes Sir, ready

**Am F**

**Em**

I am ready for the storm

**G**

**Am**

I m ready for the storm

**Am**

2. Oh, give me mercy for my dreams

**G**

Cause every confrontation seems

**F**

To tell me what it really means

**G**

To be this lonely sailor

**Am**

And when you take me by your side

**G**

You love me warm, you love me

**F**

And I should have realized

**G**

I had no reasons to be frightened

[Chorus]

**Am F**

**Em**

But I am ready for the storm

**G**

Yes Sir, ready

I am ready for the storm

3. The distance it is no real friend

**G**

And time will take its time

**F**

And you will find that in the end

**G**

It brings you me, the lonely sailor

**Am**

And when the sky begins to clear

**G**

The sun it melts away my fear

**F**

I ll cry a silent weary tear

**G**

For those that need to love me.

[Chorus]

**Am F**

**Em**

But I am ready for the storm

Yes Sir, ready
