[Verse 1]

**E**  
I bury all my secrets deep  
**G#m**  
I scream out loud when I'm asleep  
**F#m**  
I smashed the mirror more than twice  
**Asus2**  
I have no problem telling lies  
**E**  
I drowned a bird when I was eight  
**G#m**  
I have a hard time telling love from hate  
**F#m**  
The list is long, my temper short  
**Asus2**  
I don't know what I'm looking for

[Chorus]

**F#m A E**  
I wanna know the shape I'm in  
**B**  
The shape I'm in  
**F#m A E B Asus2**  
I wanna know before I'm outta here, I'm outta here

[Verse 2]

**E**  
I trembled when I heard his voice  
**G#m**  
And still it sounds the loudest noise  
**F#m**  
It shakes me til I can't stand up

**Asus2**

I tend to drink until I drop

**E**

And just like him I roam these streets

**G#m**

I m trying hard to tame the beast

**F#m**

That s in our blood for a hundred years

**Asus2**

I swear I ll make it disappear

[Chorus]

**F#m**                    **A**                    **E**

I want you to know the shape Iâ€™m in

**B**

The shape Iâ€™m in

**F#m**                    **A**    **E**    **B**

I want you to know before you re outta here, youâ€™re outta here

[Solo]

[Verse 3]

**E**

I found a bird out on the street

**G#m**

With broken wings, it would not eat

**F#m**

I patched it up and took it home

**Asus2**

I would not leave that bird alone

**E**

And I opened up the windows wide

**G#m**

Until one day it flew outside

**F#m**

And it sang a song I ve never known

**Asus2**

I hope someday I ll sing my own

[Outro]

**F#m**                    **A**                    **E**                    **B**

I want you to know

(Repeat and fade)
