Verse

F **Eb?**
Son, what have you done?
Bb?
You're caught by the river
F
You're coming undone

Life you know it can't be so easy
But you can't just leave it
Cause you're not in control no more

Chorus

F
And you give it all away
Eb?
Would you give it all away now?
Bb?
Don't let it come apart
F
Don't want to see you come apart

Verse

Son, what are you doing?
You learned a hard lesson
When you stood by the water

You and I were so full of love and hope
Would you give it all up now?
Would you give in just to spite them all?

Chorus

And you give it all away
Would you give it all away now?
Don?t let it come apart
Don?t want to see you come apart

Cause you give it all away
And you give it all away now
Don?t let it come apart
Don?t want to see you come apart

Verse

Lay, I lay in the long grass
So many people
So many people pass

Stay, stay here and lie on back
Get down in the cornfields
Stay till were caught at last

Chorus

Give it all away
Give it all away now
Don?t let it come apart
Don?t want to see you come apart

And you give it all away
You give it all away now
Don?t let it come apart
Don?t want to see you come apart
