Bb F# G# Bb F# G#
(I wish we never, wish we never pulled away)

Bb
My face against yours
G#
Our hearts like open doors
F# F
More exposed than we ve ever been
Bb
Your thoughts in my mind
G#
Our love intertwined
F# F
Oblivious to the force of wind

F#
But you pull away
F#
Pulling me
G# (Hold)
Pull

Bb F#
Was it real?
G#
Was it planned?
Bb F# G#
Can we still see the other hand?
Bb F# G#
But before you go ahead and say your last goodbye
Bb F# G#
I ll say I wish you never pulled away

G# **Bb** **Bb** **F#** **G#**
I wish you never pulled away

G# **Bb** **F#** **G#**
Whoa
G#
Whoa

Bb
Both minds unaware tonight
G#
Not worried about what s right
F# **F**
Never more dumb than we could ve seemed
Bb
Your face of gracious smiles
G#
And we re stuck in denial
F# **F**
Never to know what we both dreamed of

F#
You pull away
F#
Pulling me
G# (Hold)
Pull

Bb **F#**
Was it real?
G#
Was it planned?
Bb **F#** **G#**
Can we still see the other hand?
Bb **F#** **G#**
But before you go ahead and say your last goodbye
Bb **F#** **G#**
I ll say I wish you never pulled away
Bb **F#**
Were we dumb?
G#
Were we phased?
Bb **F#** **G#**
Can I still walk the other way?
Bb **F#** **G#**
But before you pretend it never happened
Bb **F#** **G#**
I want to say I wish we would ve stayed the same

Less unheared
