F

On the hills of old Virginia

Em7 A

I ve crossed a weary mile

Dm C

And on bended knee

Bb F

I will sing to thee

Gm7 C7

As I tie my shoe

F

One moonlit night in the canyon

Em7 A

I talked about my dreams

Dm C

Only bugs heard the call

Bb F

They don t hear me at all

Gm7 C7

And now I talk in my sleep

When winter comes I ll be way up ahead

Cause right now it seems so cold

I need her in my arms baby set my alarm

Cause otherwise I d sleep til sleeping was dead

And when I get home to my baby

She gonna wear my grandma s ring

And hand in hand we will tell the man

I do, I do , I definitely do

But I won t get drunk without her

And I won t do her no harm

Cause she s the sweetest blackberry wine

From here to there, from here to there

From here to there
