I went to london, Down to the dungeon

**C** **Am**  
I been to hell if I been any other way

**F** **G**  
If I m not mistaken, I wasn t taken

**C** **Am** **F**  
I found my own damn way down there for love

**Fm**  
But can it last

**C**  
All my life

**G** **G7**  
As it passes

CHORUS

**C** **Em**  
Love can it last

**Am** **F** **G**  
all my life as it passes

VERSE 2

I met her in a costume, undernieth a full moon  
Love from the stormiest skies  
The whole masccarade stop, yet another shoe drop  
Just another kind of disguise

I m holding on  
Don t ask me why  
i am afraid the only answer is a lie

i tell myself the strangest stories  
I ain t a crow, I found a crooked way to fly.  
Oh Love  
Can It last all my life as it passes

CHORUS
