Say Something- Dr. Dog

One of the most exciting songs on Dr. Dog s 2005 album Easy Beat

Mainly riff based, sure, but here are the chords, because I was too lazy to tab it. It sounds alright to me, except for the Bb chord in the (C#m B Bb F#) section.

If you got any suggestions comment!

**E**

Long distance, no need to shout  
close quarters, ain t talkin out loud

**F#m**

and I gotta know

**B**

I gottta know

**E**

all over your open mouth  
words hang like they re just hanging out

**F#m**

but I gotta know
