**Dr. Dog**

Dr. Dog

Station

Shame, Shame

Intro: **G C**

**G C G C Am C D**  
Was it a dream? I wouldn't know--I was in the lowlands where the old folks go

**C G C G C Am C D C**  
I wasn't here, I wasn't home--I was picking static up from a broken radio

**G Am**  
You just leave me at the station and you can rest assured

**G Am C D G**  
That I'll be back sometime this time next year

I pack my bag, you get the door--here's a stack of tokens for my friends on  
Baltimore/the look on your face, I've seen it before--I'll be gone a long time  
but  
I could be gone some more

Bridge:

**G D**  
You know, I need someone I need something I need to go back home

Repeat the chorus and that's it!
