

Young Years
Dragon

hey everyone. This is my first ever guitar tab. and this is the first guitar tab for Dragon s Young Years on this site. probably the only one online!!!

anyway this sounds perfect to me. enjoy this tab and sing you heart out!!!

INTRO: **F**

F

Broken cars, old guitars
Waiting here for the time to pass,
Dm Bb
Time takes it toll - it took it fast

F

Secret meetings at the river s bend
Dm
Simple days when I called you friend
Bb C
Came a time, we went separate ways

F

Those were our young years
Our wings were drying in the sun
Dm C Bb
Now the winter, at our window feels so cold

F

Where are our young years

F

Everything seemed better days
Boats in which we sailed away
Dm Bb
Lie all rusted on rocky ground

F

Here we sit with a schooner of ale

Dm

Dreaming of a wind that ll make us sail

C

Taking us far away

Bb

Do you remember how it was?

Gm

We had the moon and tide behind us

Bb

C

We used to take it up take it up!

F

Those were our young years

Our wings were drying in the sun

Dm

C

Bb

Now the winter, at our window feels so cold

F

Back in our young years

Sometimes the good did not die young

Dm

C

Bb

Now we live on memories alone

F

Of our young years

BRIDGE: **F** x4

Bb x4

C x8

Bb x8

C x8

Dm x8

Bb x8

Gm

If we had the moon and tide behind us

F

We could still sail so far away

Bb

And time would pass

And things would change

F

C

And memories would fade away

F

Those were our young years

Our wings were drying in the sun

Dm

C

Bb

Now the winter, at our window feels so cold

F

Back in our young years

Sometimes the good did not die young

Dm **C** **Bb**

Now we live on memories alone

F

Those were our young years

You know we ll live it all again

Dm **C** **Bb**

We can turn the tide and sail away

F (till end)

Back to our young years

Those were our young years
