I Get Around
Dragonette

Bbm   Ebm x4

Bbm
9 am in your bedroom
      Ebm   **F**
The radio alarm clock is set for soon
Bbm
I know you friends and you know mine too
            Ebm   **F**
you donâ€™t tell on me I wonâ€™t tell on you
          Bbm
I get around

Ebm

Bbm
Seconds to your elevator from the station
Ebm   **F**
How can I resist that kinda invitation
Bbm
Second floor and Iâ€™m in trouble
       Ebm   **F**
Gotta get me back down to street level
          C#
I get around

        Bbm   **Ebm**
Here I come when I better go
Ebm   **C#**
I say yes when I ought to say no
        Bbm   **Ebm**
Here I come when I better go
Ebm   **Bbm**
I say yes when I ought to say no

Ebm Bbm Ebm

Bbm
Quietly slide away off the mattress
Ebm   **F**
Find my clothing on the bed post
Bbm
So I tip toe out of this mess
       Ebm   **F**
As I slip back into last nights dress
I get around

```
Bbm
Put a little lipstick back on my face
Ebm                                            F
Blow a little kiss to you from the doorway
Bbm
walk the hall right past the stair case
         Ebm                               F
take the elevator back down out of this place
          C#
I get around

         Bbm                    Ebm
Here I come when I better go
Ebm                               C#
I say yes when I ought to say no
         Bbm                    Ebm
Here I come when I better go
Ebm                               F#
I say yes when I ought to say no
       Ebm                        F#
I say yes when I ought to say no
       Ebm                        F#
I say yes when I ought to say no(I say yes)
I say yes
Ebm
I say yes
I say yes
F#
I say yes
         F
I say ya

C#

         Bbm                    Ebm
Here I come when I better go
Ebm                               C#
I say yes when I ought to say no
         Bbm                    Ebm
Here I come when I better go
Ebm                               C#
I say yes when I ought to say no
       Bbm      Ebm
Here I come
             C#
Here I come
       Bbm      Ebm
Here I come
             C#
Here I come...
```
