

Dawn Over A New World
DragonForce

F C
In the darkness of the night in the shadows of the dawn
Bb F
It s turning black no looking back the sands of time are sown
F C
When the day will slowly end and the sun has turned to grey
Dm Gm Bb C F
Will we feel the power of freedom with the dawn of a new day?

F C
Over mountains paved with gold to the valleys of the slain
Bb F
Our quest will lead us onwards to the journey of the brave
F C
When the time has come to stand for the power we believe
Dm Gm Bb C
We will ring the sound of victory for one and all to see

Dm Bb C F
Sometimes in your darkest dreams you will feel the haunting prayer
Dm Bb C F
Silent tears of your hidden fears come to haunt you once again
Dm Bb C F
Fight on for the memories of the everlasting dreams
Dm Bb Gm C
Their pain in the silent lands on wings of glory free

Bb F C Dm
We can go on forever with the darkness so far away
Bb F Dm C
And the warriors who live forever fight on till the end

F C
Across the highest mountains and through the endless seas
Dm Gm Bb C
Our journey ever onwards fight until we all be free
F C
Through the darkness shining the neverending light
Dm Gm Bb C
On through the days of glory rise towards the fight

F C Dm Gm
And one day we will find a way towards this distant golden age
Bb F
The cries of war will sound the day
Bb C F
We stand before the dawn of a new world
