

Dawn Over A New World
DragonForce

F# C#

In the darkness of the night in the shadows of the dawn

B F#

It s turning black no looking back the sands of time are sown

F# C#

When the day will slowly end and the sun has turned to grey

Ebm G#m B C# F#

Will we feel the power of freedom with the dawn of a new day?

F# C#

Over mountains paved with gold to the valleys of the slain

B F#

Our quest will lead us onwards to the journey of the brave

F# C#

When the time has come to stand for the power we believe

Ebm G#m B C#

We will ring the sound of victory for one and all to see

Ebm B C# F#

Sometimes in your darkest dreams you will feel the haunting prayer

Ebm B C# F#

Silent tears of your hidden fears come to haunt you once again

Ebm B C# F#

Fight on for the memories of the everlasting dreams

Ebm B G#m C#

Their pain in the silent lands on wings of glory free

B F# C# Ebm

We can go on forever with the darkness so far away

B F# Ebm C#

And the warriors who live forever fight on till the end

F# C#

Across the highest mountains and through the endless seas

Ebm G#m B C#

Our journey ever onwards fight until we all be free

F# C#

Through the darkness shining the neverending light

Ebm G#m B C#

On through the days of glory rise towards the fight

F# C# Ebm G#m

And one day we will find a way towards this distant golden age

B F#

The cries of war will sound the day

B C# F#

We stand before the dawn of a new world

G#m Ebm

On through the raging thunder across the seven seas
