

Unlock The Doors  
Drake Bell

**F**                    **A**                    **Dm**  
You say I wake up too late but I don't

**Cm**                    **Bb**  
You say that we should sleep in but you won't

**Bb/A**                    **G**                    **Cm**  
It's never over, so it starts, again...

**F**                    **A**                    **Dm**  
You know that I never required the taste

**Cm**                    **Bb**  
For having my life throwing back in my face

**Bb/A**                    **G**                    **Cm**  
It's never over, so it starts again...

**Bb**                    **F**  
So babe let me in... Unlock the doors again
