Money just changed everything, I wonder how life without it would go From the concrete who knew that a flower would grow Lookin down from the top and its crowded below My fifteen minutes started an hour ago Truth over fame, you know I respect the blatant sh-t When I hear talkin, I just dont know what to make of it Hate is so familiar to me, Im slowly embracing it Doesnt come natural, bear with me it could take a bit Yeah, and my dreams who Im racing with You can see Im pacin it so that Im always chasin it Wayne put me right here, thats who I get the paper with I hope that my success never alters our relationship Yeah, this life is something I would die for Octobers Own, but its lookin like July 4th But I just wish theyd let you try it first This time Im really goin off, fireworks

Oh, today it begins
I ve missed them before, but won t miss them again
I keep having the same dream
And I think that I just realized what it means

Im just such a gentleman

You should give it up for me

Look at how I'm placing al my napkins and my cutlery

I can tell it wasn't love I just thought you f-ck with me

Who coulda predicted love could strike now you stuck with me

Now all of a sudden these gossip brags wanna cover me And you making it seem that it happened that way because of me But I was curious and I'll never forget it baby What an experience You could been the one but it wasnt that serious Their was smoke in the air before now its me cleaing it That felt good, all and all I learned a lesson from it though You never see it coming you just get to see it go Yeah I shoulda looked up in the sky at first Now I see it in her eyes Fireworks!

What happened between us that night it always seems to trouble me

Oh, today it begins Ive missed them before, but wont miss them again I keep having the same dream And I think that I just realized what it means

Yeh, I kept my wits about me luckilly

Everything the same but it feels different My dad called me up knowing that I still listen And hes still got his foot out, guilt trippin Its been years, though, I just learn to deal with it For real, me and my realtor we built up a better rapport Got my mother in a place with some better decor She searched the entire city I let her explore Ant now she s sayin she more lonely than every before How many of our parents marriages lasted? I was only 5, I bet I barely reacted I m flying back home for the heritage classic Searchin for that feeling, tell me where is the magic? Let s stay together til we re ghosts I want to witness love, I never seen it close Yeah, but I guess I gotta find it first That s why I m really going off, Fireworks

Oh, today it begins I ve missed them before, but won t miss them again I keep having the same dream

And I think that I just realized what it means
