Waiting

Bb **D**

In the calm of desolation

Wanting to break

Bb **Gm** **A7** **Gm** **A**

From this circle of confusion

Sleeping

Bb **D**

In the depths of isolation

Trying to wake

Bb **Gm** **A7** **Gm** **A** **Dsus2** **Dsus2/F** **Dsus2/G**

Dsus2/A

From this daydream of illusion

D **Bb** **Gm**

How can I feel abandoned even when the world surrounds me

D **Bb** **C**

How can I bite the hand that feeds the strangers all around me

D

How can I know so many

Bb **Gm** **F**

Never really knowing anyone

G **A**

If I seem superhuman

Bb

I have been

Asus2 **D** **Bb** **D** **Bb** **Dsus2**

Misunderstood

Bb **Dsus2**

It challenges the essence of my soul

And leaves me in a state of disconnection

Bb **Gm**

As I navigate the maze of self control

Bb **A** **Gm**

Playing a lion being led to a cage

A **Dsus2**

I turn from a thief to a beggar

Gm **D**

From a god to God save me
