

The Valley

Drew Holcomb and The Neighbors

Hey, I've been using this website for years, but this is my first tab. I love this song, and there's virtually nothing on the internet about it at all (I had to figure out all the lyrics too.) It's really easy, so I figured that I could post it. Sorry if I mess up anywhere. Thanks Drew and Ellie for making such great music!

capo: III

Intro: C F (some finger picking)

Verse 1: (strum down)

C

I don't want to face this valley. I don't want to walk alone.

F

You say that you'll leave to find me,

C

Well I am begging you now to come.

C

Don't think I could face the morning. A heaviness is on my chest.

F

You say that you'll lift this burden,

C

Well I am begging you to bring me rest.

chorus

F

C

So come and find me in the darkest night of my soul.

F

C

In the shadow of the valley I am dying

G

for you to make me whole.

C (continue the same riff from the intro)

For you to make me whole.

(Like I said, pretty easy. The second verse continues just the same as the first.)

I can't keep myself from sinking. From drowning down in all this shame.

My throat is worn out from calling for help.

And I am praying you'll remember my name.

I know I can't face this battle. Been surrounded on every side.

You say that you will deliver me.

Well I am praying you'll restore my life.
