Dm **C**
Hey young world how s it going

G **G**
I ve been doing some thinking doing some growing

Dm **C**
And there s something real that s come to my attention

G **G**
Something that I just want to mention

Dm **C**
I ve had my share of lonely days

G **G**
The way hasn t always been paved

Dm **C**
But I m ready to take it upon myself

G **G**
And turn it into something else

Dm **C**
I ve been working on my hustle, working on my grind

G **G**
I ve been channeling these thoughts that have been running through my mind

Dm **C**
You see, I ve got these dreams that are bigger than me

G **G**
But it s not easy making dreams reality

Dm **C**
It s an uphill battle night and day

G **G**
There s no over or under, it s straight through, one way

Dm **C**
But I m not going, going, down, down without a fight

G **G**
I m not burning out my light

Pre-Chorus:

Dm **Dm**
I might run but I l never hide

C **C**
I m not just going along for the ride

G **G**
I haven t been dreaming about this since I was 5

G **G**
But I m definitely making up for lost time

Chorus:

Dm **Dm**
Push me, push me, push me, down

C **C**
I ll always stick around

G **G**
Can t stop me, I m star bound

G **G**
Ooh ooh ooh

Dm **Dm**
Hate me, hate me, hate me hard

C **C**
You ll never chase me far

G **G**
All I speak is superstar

G **G**
Ooh ooh ooh
