#####

CAPO on third

Its pretty much the same deal the whole song through:

G C

G D

G C

G D G

As for the bagpipesolo, you can just play G C G D (or pick it)

#####

G C

On that snowy bright December day

G D

She came and took my breath away

G C

It was there I met my love so fair

G D G

A beauty oh so true and rare

Chorus:

G C

For who we are and what we ll be

G D

I ii sing your praise eternally

G C

When I was lost you carried on

G D G

When I was weak you kept us strong

You walk the line so gracefully
Of friendship, love and loyalty
In troubled time you did your best
Of lesser strenght I must confess

Repeat Chorus

As seasons come and seasons pass
The bond we know will always last
We built a life remaining true
I pledge my heart and soul to you

Fo who we are and what we ll be
I ll sing your praise eternally
The miles weâ€™ve shared I d trade but few

They re the ones that kept me away from you

On that snowy bright December day
You came and took my breath away
It was there I met my love so fair
A beauty oh so true and rare
