#####Please Note#####  
This is my own interpretation of the song.

Verse 1: x s 2

D E -7th A  
If they can make a law, then I can break a law,  
D  
If they can make a law, will the law break me,  
D E -7th A  
It comes tumbling down again I can t comprehend,  
D E -7th  
Is it destiny. A nomadic state, are you a refugee,  
A D  
No place to call your home, forever walk alone,  
E -7th A  
As the world goes on, forgotten by the ones you know.

\*Repeat 1st Verse\*

Chorus:

D                                E -7th  
And all the words you gave me,  
A  
I lost on bended knee,  
D    E -7th  
But you can't stop these cravings,  
A  
Just by praying they would cease.

D                          E -7th  
And all the words you gave me,  
A  
I lost on bended knee,  
D    E -7th  
But you can't stop these cravings,  
A  
Just by praying they would cease.

Verse 2:

**D** **E -7th** **A**  
 If I can make a life, then I can take a life,

 If I can save a life, will this life save me,  
**D** **E -7th** **A**  
 Time after time, I still seem to find,  
**D** **E -7th**  
 Your lookin' out for me, so wrap your arms around me,  
**A** **D**  
 Hold me close and don't let go, let me lean on you,  
**E -7th** **A**  
 As I think things through, if I don't we'll never know.

Chorus:

**D** **E -7th**  
 And all the words you gave me,  
**A**  
 I lost on bended knee,  
**D** **E -7th**  
 But you can't stop these cravings,  
**A**  
 Just by praying they would cease.

**D** **E -7th**  
 And all the words you gave me,  
**A**  
 I lost on bended knee,  
**D** **E -7th**  
 But you can't stop these cravings,  
**A**  
 Just by praying they would cease.

Bridge:

**D - A - E -7th**  
 Will your faith save me...  
**D** **A** **E -7th**  
 Will I find this place where I belong? (find this place where I belong)

 Can you protect me from my troubles,  
 Keep me safe from harm.  
**D** **A** **E -7th...**  
 Will you help me carry on.....

Chorus:

**D** **E -7th**
