this is in the wrong key or something

wait

stay

i was ready

upstairs waiting

stay

breath into dust

i just need a shove

i nearly lost my concentration

where, honestly i do forget

i junked my sex and my cassettes

now i feel You closing around

when all i do is break me down

i need You

under my skin

i need You

God help me

i need You

at my throat

i wrote these songs about You

i need You to stay
