Dua Lipa

C
Last night, my fantasies become oh-so true
Em
You said you wanted me as much as I want you
C
If I said it hadn't crossed my mind
Em
Then, oh baby, I'll be lying
C **Em**
It just got complicated, I don't know what to do

F#m
Can I get it like that, that, that? Let me know
F#m
Cause I really like that, that, that, when you go
Bm
And I know it's not real, but the way that I feel
Em
I just need to know
F#m
Can I get it like that, that, that? Let me know
F#m
Cause I really like that, that, that, when you go
Bm
And I know it's not real, but the way that I feel
Em
I just need to know (know, know, know)

C
In my dreams
Em
You'd say you want me, my body
C
In my dreams
Em
You'd say you need me, believe me
C
In my dreams
Em
You'd say you love me, say you'll never leave my dreams
In my dreams
