Every day and every night

I ve been sick and tired of running

**G**  
Don't matter what's written  
**C** **Em**  
We can start all over again, all over again

**C** **D**  
Oh, how can I get you all over my skin?  
**G** **Am** **Em**  
My deep intuition tells me that I'm doing you wrong

If I don't come home  
**C** **D**  
Just say you forgive me and don't let me go

[Pre-Chorus]

**G**  
I've been sick and tired of running  
**C**  
Chasing all of the flashing lights  
**Em**  
These late nights don't mean nothing  
**C** **D**  
So I just wanna apologize  
**G** **C** **Em**  
I'm sorry, so sorry  
**C** **D**  
I'm sorry, yeah

[Chorus]

**G**  
I need your love  
**C** **Em**  
And I'm dying for the rush  
**C** **D**  
Cause my heart ain't got enough  
**G**  
I need your touch  
**C** **Em**  
This is getting serious  
**C** **D**  
Tell me that it's not the end of us  
**G** **C**  
How can we go back to the beginning?  
**Em** **C** **D**  
How can we go back to the beginning?
