

Good in bed
Dua Lipa

Gm F Gm F

Hey

Gm

Yeah, let's get to the point here

F

You love to disappoint me, don't ya?

Gm

You tell me what I want

F

But ain't no follow through

You don't follow through, no

Gm

But if you only knew me

F

The way you know my body baby

Gm

F

Then I think maybe we could probably see this, true

We can make it through, but

Gm

I've been thinking it'd be better

F

If we didn't know each other

Gm

F

Then you go and make me feel okay

Gm

Got me thinking it'd be better

F

If we didn't stay together

Gm

Then you put your hands upon my waist

Gm

I know it's really bad bad bad bad bad

F

Messing with my head head head head head

Gm

We drive each other mad mad mad mad mad

F

But baby that's what makes us good in bed

Gm F

Ple-e-e-e-ease, come take it out of me me me me me

Gm

I know it's really bad bad bad bad

F

But baby that's what makes us good in bed

Gm

It's bad

F

We drive each other mad

Gm

It might be kind of sad

F

But I think that's what makes us good in bed

Gm F

I dedicate this verse to

All that good pipe in the moonlight

Gm F

And the long nights where we did everything but talk it through

That's what we do yeah

Gm

You always let me down boy

F Gm

But when you're going down I get so up

F

Don't know if I could find someone who do me like you do

Gm

I've been thinking it'd be better

F

If we didn't know each other

Gm F

Then you go and make me feel okay

Gm

Got me thinking it'd be better
