

No Goodbyes

Dua Lipa

C

Maybe one day

I can see you

We can smile and wave

And it ll be okay

Am

Maybe one day it ll be cool

We could just be friends

F

Without the complications

That it brings

G

When we start saying things

C

Yeah, I hurt you

And you hurt me

Yeah, we did somethings that we

can never take back

Am

And we tried hard

just to fix it

But we broke it more

and so I guess somethings are

F

not meant to last

G

it is too much to ask

F

For tonight

G

Am

Let s love like there s no goodbyes

F

Just for tonight

G

Am

Pretend that is all alright

F

Why don t we hold each other

G **Am**

Use each other, whisper pretty lies

F

Just for tonight

G **Am**

Let s love like there s no goodbyes

F **G**

No goodbyes, no goodbyes

Am

No goodbyes, eh

C

In a dark room, we don t have to

See the light of truth

Between me and you

Am

We can stay blind, in the meantime

Let our bodies say

F

What we can never seem to communicate

G

Even though is too late

F

For tonight

G **Am**

Let s love like there s no goodbyes

F

Just for tonight

G **Am**

Pretend that is all alright

F

Why don t we hold each other

G **Am**

Use each other, whisper pretty lies

F

Just for tonight

G **Am**

Let s love like there s no goodbyes

F **G** **Am**

No goodbyes, no goodbyes, no goodbyes

F **G** **Am**

No goodbyes, no goodbyes, no goodbyes

F

Maybe one day i ll see you

G **Am**

Just smile and wave and be okay

F

Just for tonight

G **Am**

Pretend that is all alright

F

Why don t we hold each other

G

Am

Use each other, whisper pretty lies

F

Just for tonight

G

Am

Let s love like there s no goodbyes

F

No goodbyes, no goodbyes, no goodbyes
