RUNNING. (Dua Lipa)

CAPO 1st fret

[Intro]

| **Em** | **C** | **Am** | **B** |

[Verse 1]

Em **C**
You, you turn gold to dust now
Am
What was trust is lost now
B **Em**
What is all this darkness you have inside?
C
I just can't ignore it
Am
From my heart, what's pouring
B **Em**
Cause this hurt I can no longer hide

[Pre-Chorus]

Em
Baby, it's the last time
C
It's the last time I'm bout it, bout it
Am
Check it with a flashlight
B
It's the last night you'll get up on it
Em
If you wanna save it, uuh
C
Better shoot straight like a laser, uuh
Am **B**
I ain't waiting for you, you

[Chorus]

Em **C**
Now I'm running for my life
Am
Been too many miles
B
Tryna find the road to you
Em **C**
Cause you, you just wanna drive

With no place in mind

Where the hell we going to, oh oh?
