Your smile and your eyes with your hair in the breeze
D **A** **E** **F#m**
The only way for me to move on, is to write it in a song
D **A**
Life goes on and I m kicked off this earth
E **F#m**
With no one to hope it s getting cold and my chest hurts

D **A**
You can love me or not,
E
But either way I ve got to wake up
F#m
To face another day tomorrow morning
D **A**
You can love me or not,
E **F#m**
But either way I ve got sunrise looking in my eyes

E **F#m** **D**
Forgetting your smiles and eyes is what I could never do
A **E**
Your love is skindeep with me, you could never be replaced

F#m **D**
Even though you know my heart is free
A
And don't be afraid
E **F#m**
I'm trying to erase memories with the actions I seize
D **A**
And I can not erase
