i m standing upright on my own.

verse 2.

you still call me up from time to time

and it would be so hard for me not to cross the line

the words of love lye on my lips just like a curse

and i knew, oh yes i knew they d only make it worse

and now you have the nerve to play along

just like the mistro beats in your song

you got your kicks, you get your kicks from playing me

and the less you give the more i want, so foolishly.

chorus.

but i will never be your stepping stone,

take it all or leave me alone,

i will never be your stepping stone,

im standing upright on my own.
