G **G/B** **Cadd9**
There are tears following us around
A7sus4 **Cadd9**

A7sus4 **Cadd9**
Where thereâ€™s nothing to do but sit around

G **G/F#** **Em7**
When thereâ€™s no one to hold and your conversations leave you cold
Cadd9 **Em7** **D**
Donâ€™t be down youâ€™ve got to pull it all together
G **G/F#** **Em7**
Try to be strong when your heart is weak and you can barely make it on your feet
Cadd9 **D** **G** **Cadd9** **G** **Cadd9**
Cause running away isnâ€™t gonna make your life better

When youâ€™re too depressed at the world going round so fast
Trying to make the moment last
When the thrill is everything but gone
All you can do is carry on

When thereâ€™s no one to hold and your conversations leave you cold
Donâ€™t be down youâ€™ve got to pull it all together
Try to be strong when your heart is weak and you can barely make it on your feet
