Intro: **C9**-**GM7**-**A9**-**E**-; (2x)

      C9   **G6**
You may not see the end of it
        A9   **E**
But luckily she comes around
      C9   **G6**
It isn't what she talks about
         A9   **E**
It's just the way she is.

Refrain:
                  EM9   **DM7**/**B**
And she says, "Ooh, darlin' don't you know,
      G6(9)   **D9**/**F#**   **A9**   **A**
The darkness comes and the darkness goes."
                  EM9   **DM7**/**B**
And she says, "Ooh, babe, why don't you   let it go?
    G6(9)   **D9**/**F#**   **A9**   **A**

Happiness ainâ€™t never how you think it should be so.â€•

```
        C9                G6
I mystified the simple life
    A9                E
I covered up with consciousness
    C9                G6
I saw myself and broke it down
        A9                    E
â€˜Till nothing more was left.
```

```
        C9                    G6
She saw the symptoms right away
    A9                    E
And spoke to me in poetry
    C9                    G6
Sometimes the more you wonder why
    A9                    E
The worse it seems to get.
```

(Repeat Refrain)

Bridge:

```
EM9                DM7/B    G6(9)  D9/F#  A9  A
She runs awayâ€¦      yeahâ€¦ yeahâ€¦ yeahâ€¦
EM9                DM7/B    G6(9)  D9/F#  A9  A
She runs awayâ€¦      yeahâ€¦ yeahâ€¦ yeahâ€¦
```

Interlude: **A9**-**A**-;(2x)

```
        C9                        GM7
And then you know there comes a time
    A9                        E
You need her more than anything
    C9                    GM7
You may believe yours are the wounds
        A9                E
That only she can heal.
```

```
        C9                    G6
Then everything will turn around
    A9                E
She becomes so serious
    C9                    G6
What she chose to offer you
    A9                        E
Was all that you could have.
```

(Repeat Refrain & Bridge)
