

Falling Down
Duran Duran

Dm **C** **G** **Dm**
 Once was a man who consumed his place and time
C **G**
 He thought nothing could touch him
Dm **C** **G** **Dm**
 But here and now it s a different storyline
C **G**
 Like the straw he is clutching
F **Am**
 Why has the sky turned grey?
F **Dm**
 Hard to my face and cold on my shoulder
F **Am**
 And why has my life gone astray?
F **Dm** **G**
 Scarred by disgrace, I know that it s over

Dm **F** **C** **G**
 Because I m falling down
Dm **F** **C** **G**
 With people standing round (refrão)
Dm **F** **C**
 But before I hit the ground
G
 Is there time
Dm **F** **C** **G** **Dm** **C** **G**
 Could I find someone out there to help me?

```
(repete notas)
```

Howl at the wind rushing past my lonely head
Caught inside it s own motion
How I wish it was somebody else instead
Howling at all this corrosion
Why did the luck run dry?
Laugh in my face, so pleased to desert me
Why do the cruel barbs fly?
Now when disgrace can no longer hurt me

(F Am F C G)

(repete notas refrão)

Because I m falling down
With people standing round
But before I hit the ground
Is there time

Could I find someone out there to help me?

Because I m falling down

With people standing round

But before I hit the ground

Is there time

Could I find someone out there to help me?

I don t know... Why...
