

Lonely In Your Nightmare

Duran Duran

D G D

Even on the darkest night when empty promise means empty hands
D G Bm

And soldiers coming home like shadows turning red
D G D

When the lights of hope are fading quickly then look to me
D G Bm

I ll be your homing angel, I ll be in your head
G D A
Because you re lonely in your nightmare, let me in
G D A
And there s heat beneath your winter, let me in
I see the delta traces living lonely out on the limb
And a passing glimmer warm beneath your skin
Please tread gently on the ground when all around you earth turns to fire
Only get a second chance when danger s on the wind
Because you re lonely in your nightmare, let me in
Because there s heat beneath your winter, let me in
Em Bm Em Bm E Bm A
Must be lucky weather when you find the kind of wind that you need
Come on show me all the light and shade that made your name
I know you ve got it in your head, I ve seen that look before
You ve built your refuge turns you captive all the same
Because you re lonely in your nightmare, let me in
And it s barren in your garden, let me in
Because there s heat beneath your winter, let me in
Because you re so lonely in your nightmare, let me in
And it s cold out on your stone range, let me in
Because you ve waited through your ice age, let me in
Doo-doo-doo, doo-doo-doo
